

Central Calaveras Firefighter's Association
Meeting Minutes
May 2, 2018

Call to Order: 18:35 by President Lee Williams

Roll Call: Taken by Secretary Terri Bishop

Review of March Meeting Minutes: Minutes were emailed to all association members and paper copies were available. Arturo Salazar took issue with the wording of the May minutes as shown. He said that a single person cannot approve the minutes. They can only move to have the minutes approved by a vote of the association members that are present at the meeting. The minutes were amended to reflect his concerns. Tim Laddish moved to approve the minutes and Sam Cook seconded. All members voted to approve.

Treasurer's Report: Treasurer Linda Burns read the report. Tim Laddish moved to approve and Mike Burns seconded. All members voted to approve.

Old Business:

- Mud Run Follow up- Vice President, Terry Stone, opened the discussion to comments. Linda Burns said that she heard lots of good comments and Tim Laddish noted that there was a very "good vibe". There were 120 adult runners and 13 children runners. Betsy Moreland said that one of the timers named Julie was planning on sending out a survey to get runner feedback. Terry Stone addressed the confusion at some of the obstacles as a lack of volunteers to man them. There was a long discussion as how to best publicize the event in the future and John Moreland wanted a survey of local businesses as to their foot traffic. Chief Stone commented that there was just not enough draw in Calaveras County to make any big difference in participation in the future. He voiced his opinion that it may not be worth doing again and Linda Burns made note of the lack of volunteers that caused so few to do so much. Total net income was \$12,341.33 at this time.
- Captain's Fund Drive Update: Almost \$60,000.00 has been taken in so far. Chief Stone spoke about the changes that the department has made to help the payroll. He also talked again about the funds that the "Strike Teams" bring in. He feels confident that all of this will prove to cover the department for this year. He said that he didn't think another mailing would

be profitable. Chief Stone then requested all of the funds in the Captains Fund Drive be transferred to the district as payment for two positions. Arturo Salazar moved to transfer and Marty Tedder seconded. All voted to approve. Linda wrote the Central Calaveras Fire and Rescue Protection District a check for \$59,601.22.

- Copperopolis Fire Chili Cook-off: We didn't win. There was a brief discussion about ticket prices and how it was set up to taste the chili.

New Business:

- July 4th in the Park: Tom Darmsted as Park manager will be in charge of the event this year and the district will send some fire trucks and firefighters to help with the fire works and safety.
- New Parcel Tax Push: The District Board of Directors has made the decision to file a measure with the county to be placed on the November ballot after the June primary. The District will also be paying the cost to put the measure on the ballot. The CCFFA will form a sub-group called "Friends of Central Calaveras Fire and Rescue Protection District" which will not jeopardize our 501c3. A group of volunteers was requested to form a committee in order to formulate a plan for fundraising and publicity. CCFFA will foot the bill for all mailings and misc. costs associated with the fundraising by the "Friends....". There will need to be a separate fund created specifically for this tax push. The next Pancake Breakfast will be hosted by "Friends..." and all proceeds will go into this fund. Signs will be made to inform the breakfast attendees of this designation.

Misc.:

- Linda Burns asked Chief Stone when the test equipment would be purchased. He answered that West Point Fire has an interest in sharing the purchase and use. He is waiting to confirm this. The cost is \$10,000 to \$11,000.
- Joanna Tedder said that she and Nick Stewart were looking into possibilities of doing a Poker Run fundraiser.
- Terry Stone sold the left over food from the Mud Run.
- Date for the next Pancake Breakfast was set for June 2, 2018.
- "Wood Elves" program received their 501c3 designation.

Central Calaveras Firefighters Association
March 7, 2018
Meeting Minutes

Call to Order: 18:38 by President Lee Williams

Roll Call: By Terri Bishop and Marty Tedder. Some dues was collected.

Review of January meeting minutes: Minutes were emailed to all members and paper copies were available. Minutes were approved by Mike Burns and seconded by Tim Laddish. All approved.

Treasurer's Report: Read by Treasurer Linda Burns. Report was approved by Arturo Salazar and seconded by Mike Burns. All approved.

Old Business:

- Mud Run, 2018: Marty Tedder suggested that we need more local advertising. Ideas were discussed. More fliers need to be hung. It was mentioned that the local radio station should be contacted for an interview. Also, it was suggested that perhaps the Loadstar could do a piece and put out 2017 picture on the cover. Terry Stone will put a "paid" add on Facebook. Terri Bishop will ask Don Overacher to get the signs hung up. Joanna Tedder, Ryan Carpenter, Chris Tedder, Betsy Moreland and Linda Burns have been working hard a getting sponsors. Betsy has gotten many raffle items donated. Terry would like to push sponsoring obstacles, especially the ones in the park that will be seen.

Marty Tedder has a plan for the obstacles and will need lots of help retrieving last years that are stored at Sender's and putting them back together. He also requested help with artwork. He will designate "work days" and let everyone know.

All department firefighters will have to run the course again this year. They need to go to website to sign up but will receive a voucher for payment.

Chris Laddish will design the "Kid's Run".

Also, there will be no practice run this year.

Karen Mallot will be handling signing up vendors.

- Captain's Fund Drive: Since we have not reached our goal of \$100,000.00 it is now necessary to take new actions to help retain all captain positions. Chief Stone spoke about asking the board to approve changing one captain to a "term position" which would not be eligible for benefits. Nick Stewart has stepped forward to temporarily take this new term position. This savings along with possible "Strike Team" earnings this summer could take us to November, which is when the county election would have the fire dept. tax on the ballot. The Chief also pointed out that the Fire District has contingency funds for payroll, but cannot spend these funds until the District has deployed firefighters on Strike Teams and has some idea of how much money will be reimbursed by the State Office of Emergency Funds.

Linda Burns asked if another "donation letter" should be drafted and mailed out. The chief said perhaps in the summer during the fire season.

- Southern Cal. Fire Disaster Donation: Was made to Cory Iverson's family. Linda Burns picked out the card and sent the \$1000.00 check.

New Business:

- Copperopolis Fire Chili Cook Off: Takes place in the Copperopolis Town Square, on Sat. March 10, 2018 at 11:00. Terry Stone will be cooking and needs volunteers. \$1000.00 is possible prize money. Engine #126 and crew will be in attendance.

Wish List: Nothing new.

Misc.: "Wood Elves" Program: Americore volunteers have been coming every Monday and splitting wood. Terry needs help still on Sundays. Also needed are funds to help pay for gas for the truck and splitters as the grant money can only be used to pay for the loggers to haul.

Adjourn Meeting: 19:34

Training followed the meeting. All were invited.

New Business:

- Captain's Fund Drive- In November and December we started work on a fundraising campaign to raise money to save 2 of the 3 captain's positions due to losing the November "Vote Yes on E" campaign. 3,000 donation request letters were sent out to parcel owners and registered voters of District 2. Donations have been coming in. Currently, a letter is being

drafted to send to Sheep Ranch owners and some parcels on Old Gulch Road, both of which are not in District 2 but serviced by Central Fire.

- Southern California Fire Disaster Donation- Terri Bishop requested a donation be approved to send to the family of fallen firefighter Cory Iverson's family. A \$500.00 amount, which was graciously matched by association member John George, for a total of \$1000.00 was designated. Terri Bishop was asked to find a fund. Chief Stone moved to accept and Terri Bishop seconded. All approved.
- Address Signs- Currently, the materials for the green address number signs are paid for by the association and we charge \$15.00 each. Chief Stone would like to change the payment to requesting a suggested donation of \$20.00 or more. Also, if the district responds to an incident at a location that has no address sign, they will have signs made and return with them to the residence and request a donation. Arturo Salazar moved to accept and Billy Williams seconded. All approved.

New Business:

- Mud Run, 2018 is scheduled for April 28th and ALL association members are required to be involved. First order of business is to come up with a great idea for the reason we need to do the Mud Run. Some possibilities are #1: funds to purchase a thermal imager, and #2: AED standardizing. New ideas are also needed for different obstacles. See Marty with any ideas. A “Kid’s Run” is planned. Letters need to be sent out to this years sponsors in order to offer them the first chance to sponsor next year. Linda Burns offered to look at it. Also, targeting groups that run obstacle courses should be different for the next run.
- The New Firewood & Fuel Reduction Program is born of Terry Stone’s idea to remove dead trees left from the Butte Fire and the tree mortality issue plaguing the county from the Pinebark Beetle and turn it into cut firewood ready for low income residents who qualify. We have teamed up with the fire department and formed a 501c3 called “Central Calaveras Fire Safety Elves”. Terry needs cutters, splitters, loaders and deliverers with trucks. This could open up an opportunity to take advantage of a Calfire Grant for funds to help with the project.

upcoming minimum wage increase in 2018. Joanna Tedder is the head of a committee that has been formed to work on publicity. Don Overacker, Sam Cook and Jeff Stone are committee members. Pam Overacker offered to join the committee. Still need to file paperwork with the Political Practices Office. Fundraising is needed as well as sign painting. Information tables at Senders will be manned in October and November. Please volunteer!!

Minutes:

- May Minutes approved with no changes.

Old Business:

- Microphones and Harnesses
 - Chief Stone has found the combination of microphones and harnesses for less money than originally anticipated so he asked that instead of purchasing the original 10 sets requested in May, he be allowed to purchase approximately 20 sets or whatever amount he can get for the \$3200 approved last meeting. Tim Laddish moved to allow Chief Stone to purchase \$3200 worth of radios and harnesses, and Jim Murchison seconded the motion. Unanimously approved.
- Fire Muster in Angels Camp
 - Chief Stone went to the Fire Muster at the fairgrounds. He reported that it wasn't well attended by the public, but that it was a good event.
- Wildfire Preparedness Games
 - Chief Stone and Terry Stone attended the event that was held in Volcano. It was a scavenger hunt type of event that had stations around town where participants had to perform various exercises - from making an emergency exit map of their home, to playing a "family feud" type game to answering questions about what happens when fire comes. The Red Cross also provided demos on hands-only CPR. Everything that went on in these games provided ideas for our Fire Prevention Week Event.
- Fire Prevention Week Oct. 5th – 11th.
 - Last year it was held at station 1.
 - This year we are thinking about holding it in the town of Mountain Ranch and having a yard sale along with some game type event like the Preparedness Games above, but focusing on Home Fire Safety, along with hot dogs/polish sausage and ice cream. It will be on Oct. 11th
 - We will specify that the money raised from the yard sale will go towards providing smoke alarms or address signs at a reduced price for those who don't fall under the "Aging in Place" Grant, (see Grant section below).
 - We want to make the main focus of the event recruitment so we can get funds from the Safer Grant to cover some of the items we will need to purchase for the day like signs and food.
 - We will also have apparatus on display at Station 3
 - There will be a committee meeting at Station 1 on 8/19 at 6pm. Please plan to attend if you can, we will need all the help we can get on this event.
 - Please also start saving items you may want to get rid of for the yard sale.
- Day in the Park - August 23rd.
 - We will have a "booth" under the trees by the driveway to the ball field entrance. We will have Engine 124 there, both pop up tents, and information and promo items to hand out.
 - We will also be taking pictures of and printing the pictures of any kids that want to get up in the engine.

 - The Education Committee, consisting of Jim and Deana Murchison, Chief and Terry Stone and Patty Raggio, met on June 27th.

 - It will be sent out using a Every Door Direct Mail Piece
 - This piece may also be a hand out at Day In The Park
 - The committee is also looking into the cost of some small but meaningful promotional items to be given away at both Day In The Park and Fire Prevention Week

Other Items not on Agenda but discussed

- Michael O'Keefe wanted to know if we could put together a leave-behind card/giveaway card that would have salient points for when people need to call 911.
